

## WELCOME TO WOODINVILLE DAY CAMP –

### *A Girl Scout Volunteer-Led Camp*

We want to start out with a big THANK YOU! Our adult volunteers and teens are the heart and soul of camp, and the experience each of our campers has during their week with us is largely dependent on the enthusiasm each of you brings to Woodinville Day Camp each year.

Our mission at WDC is to create a community of Girl Scouts with the courage to learn new skills, the confidence to make new friends and the character to become leaders. Your commitment to helping us provide appropriate programming within the parameters of the Girl Scout Leadership Experience guidelines is central to our community's success. Whether you are working with our youngest campers, or leading a unit of Cadettes, you have the unique opportunity to help shape and share in the experiences and memories that they may keep for a lifetime!

***Every adult at WDC is a volunteer***, and each one of us is a Girl Scout. The mission of our camp applies not just to our campers and Program Aides, but to each one of us as well. We hope that you will come away with new or expanded skills, new friendships, and new growth as a leader during your time with Woodinville Day Camp.

Woodinville Day Camp is set in a beautiful, natural outdoor environment and park at Tolt McDonald Park in Carnation, WA. It is nurtured by committed and caring volunteers and teens. Our programming and traditions provide a genuine, safe, fun, and meaningful camp experience for everyone in the Woodinville Day Camp community. It is also why we have so many campers, teens, and adults who love camp and return with dedication year after year.

Thanks for all you do! We are looking forward to another great week of camp with you all!

Brandy "Hobbes" Landry- Camp Director, Woodinville Day Camp  
Angie "Cavegirl" Hancock- Program Director, Woodinville Day Camp
